

Hello,

On behalf of the Applegate Partnership & Watershed Council, I'd like to invite you to bid on the **Watts Toppin Fish Passage & Irrigation Efficiency Improvement Project**. Please see the project details below.

Project Overview:

This in-stream project aims to enhance fish passage at Watts-Toppin Dam through the construction of a roughened channel and add improvements to the Watts-Toppin irrigation ditch.

Location:

Williams Creek near Provolt, Oregon ([Google Maps](#))

Bid Package Contents:

Attached to this email, you will find a comprehensive bid package that includes the following documents:

1. Request for Proposal (RFP)
2. Engineered Drawings (11x17)
3. Technical Specifications
4. Bid Sheet

You can also access all bid package materials on our website at www.applegatepartnership.org/rfp. Please review these documents carefully to ensure your bid submission meets all project requirements and deadlines.

Site Tour Invitation:

Interested parties are strongly encouraged to attend a site tour of the project location on **October 2nd at 2PM**. If you plan to attend the field site tour, please contact me beforehand for more details.

Bid Submission Deadline:

The deadline for bid submissions is **October 18, 2023**. Please make sure your proposal reaches us before this date.

Questions:

If you have any questions or require further information about the project or the proposal process, please do not hesitate to contact me at luke@apwc.info.

We look forward to receiving your bid and potentially working together to make a positive impact on our local watershed. Thank you for your interest and participation in this project.

Sincerely,

--
