1. Are you interested participating in the proposed project that would provide ditch conveyance improvement, on farm irrigation efficiency, and improved fish passage? If you are definitely not interested or not sure please let us know too.
  
2. What type of improvements do you think would benefit your property? What would you like assistance with?
  
3. Please describe any issues that you would like to resolve through this project.
  
4. Please describe your current irrigation system. Include irrigation method(s) used (flood, sprinkler, etc.).
  
5. What type of crops do you irrigate? How many acres? How often do you typically irrigate? What months do you use water?
  
6. Do you use a pump currently?
  
7. For landowners: Do you currently lease any fields that are irrigated?  
 Are you a leasee? Who do you lease from?
  
8. Please provide any additional information or concerns that you have. Thank you!
